Gregory, and an address by Chaplain John W. Inzer, "fighting chaplain" of the American overseas forces, were the high spots in the forenoon meeting today of the first convention of the Kentucky war veterans.

**FAITH IN ADVERSITY.**

Joe Fountain, of Bootjack, Mich., was willing to plead guilty in court to the charge of making liquor, having a private still in his home. Prosecuting Attorney Lucas told the court that he tried to get a promise of reformation from Joe, a promise at least that he would refrain from drinking for the remainder of his life.

"Not me," was Joe's answer. "It might go wet again."

As Joe's infraction included only making a little spirits for his own use he was released on payment of the costs.—From the Daily Mining Gazette.

**BETTER TAKE A PILOT ALONG**

Just as we have reached the era of national prohibition a way has been found for reaching Europe in a great hurry.

Under the newest development of inventive genius a thirsty man can hop to the other side, discuss matters of importance with a friend till his words begin to run together and his hat settles permanently over one eye, and then he can get back in ample time to have the headache right in his own home. This is indeed a remarkable age.—From Thrift Magazine.

## SCHOOL NEWS AND VIEWS

By J. Raleigh Meador, Superintendent.

Columbus Day, October 12, comes on Sunday this year, but the teacher should arrange to have some kind of program rendered on the Friday before or Monday following to call the attention of the school to the fact that October 12, is one of the days in the calendar that should always be remembered by Americans.

A short program for Friday afternoon could be arranged to be rendered by the pupils. Have one or two poems on October, the patriotic songs, a sketch of the life of Columbus, and another of his voyage. This will vary the program of the week, call attention to the event, interest the pupils in history, and furnish inspiration.

"It would be a most profitable use of school time for the teacher to take fifteen minutes in assigning the lesson in reading. She will have in mind several different purposes and among them: (1) to give the setting; (2) to set the theme; (3) to give the problem; (4) to call attention to difficult parts; (5) to give the pupil a sense of the importance of the subject; (6) to arouse a genuine interest; (7) to prepare specifically for a successful study hour."—Frank J. Lowth in October Normal Instructor.

The following letter has been addressed by the Secretary of the Kentucky Boys and Girls of America to the twenty million children of the United States.

"I want to thank my very kind neighbors who helped to cut my corn crop for me while I was sick and unable to do it."

S. J. Burdette, Hardinsburg.

\$7,200 In 4 Months.

The quota for Kentucky counties in the sale of Treasury Savings Certificates before January 1, 1920, is \$1,500,000. And Breckenridge county is to raise \$7,200 of this million and a half dollars. ## MARRIES FRENCH GIRL IN FT. WORTH

Frank L. Moorman Captures  
Heart of a Ma'm'selle Whom  
He Saw in Brest.

The following clipping from the Telegram, Ft. Worth, Texas, gives a very interesting account of the romance and announcement of the approaching marriage of Frank L. Moorman, a former Cloverport boy, who is the son of Mrs. Sallie Moorman. Mr. Moorman's marriage took place on Wednesday, September 24, in Ft. Worth. And this is how it all happened:

Ma'm'selle Suzanne Marie Elinore Genaille, formerly of Paris, erstwhile interpreter for Admiral Wilson of the American fleet recently attached to the American Naval Aviation Force at Brest and later at Washington, dropped the French "handle" when she came to Texas. She became plain (that is as plain as a tres jolies ma'm'selle could become) Miss Suzanne Genaille. And now she's going to Americanize even more, for within twenty-four hours, her calling cards will read "Mrs. Frank L. Moorman."

There's a romance! Ah! oui! Frank L. Moorman was in the aviation section of the navy which put him on land duty.

Moorman frequently visited American Naval Aviation Force headquarters at Brest. And he frequently saw an extremely pretty French girl who acted as interpreter. They passed within a few feet of each other in the office and met in the street. But they never, really, truly "met" as Americans term it.

Eventually the war was over. Miss Genaille was sent to Washington, Moorman came home and in the course of human events, got out of the Navy. Miss Genaille made friends with Miss Nell Davenport and came to Fort Worth, to see Indians and buffalo and oil fields.

The Gypsy Burk Oil Company opened offices in the Continental Bank building. A nice looking young man sat in as executive of the company. He was Frank L. Moorman, formerly of the Naval Aviation Force.

Alors! If you haven't guessed by this time that Moorman unexpectedly saw Miss Genaille one day, hunted up mutual friends secured an introduction and since July made a whirlwind campaign and captured the heart of Miss Genaille—well, you're not nearly entitled to know that Rev. Forrest Smith will perform a marriage ceremony at 3 P. M. Wednesday at the Broadway Baptist church in which Miss Genaille and Moorman will be the principals, with Miss Davenport and Mrs. Walker as aides.

## IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

## Encouraging Bolshevism

Everything that falsely encourages unrest also encourages bolshevism.

Misunderstanding of American industrial organization, and of its benefits to mankind, leads to unrest, dissatisfaction, and radicalism.

For example, the Federal Trade Commission tells the public that the large packers had an agreed price for lard substitute (made of cotton-seed oil.)

It reproduces letters taken from the files of one of the packers, showing that such agreed price existed.

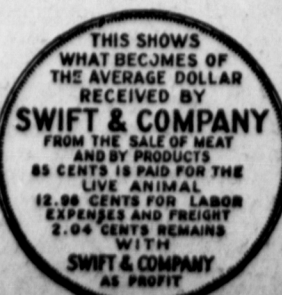

But it failed to mention that the agreed price was determined at the request of and in co-operation with the Food Administration!

Even the Department of Justice, in its unjust attempt to create prejudice against the packers, has made public these same letters, with no explanation.

How long must this kind of misrepresentation continue? In so far as it is believed, it not only breeds discontent, but results in injustice to our industry.

Let us send you a "Swift Dollar."  
It will interest you.

## To the Breckinridge County Boys:

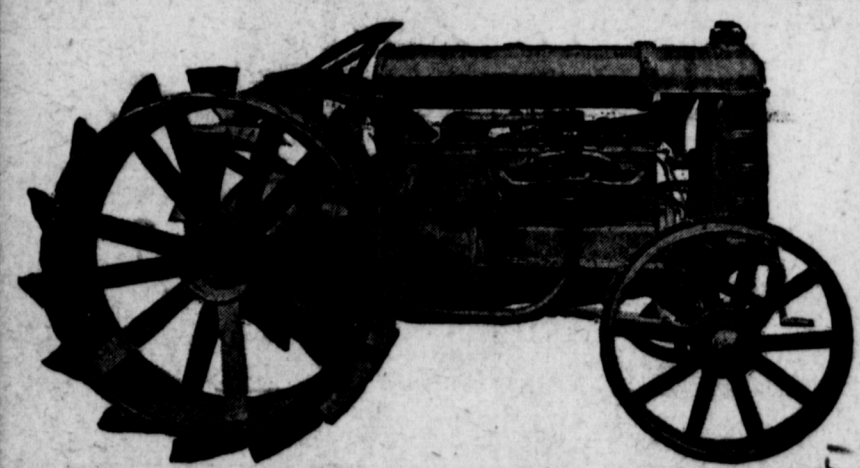

Being imbued with a spirit of thrift and enterprise, and knowing the destiny of our commonwealth is soon to be delivered into your hands, I should like in some way to be instrumental in aiding or encouraging you noble boys to establish your foundation on a business basis. Realizing fully that I am not in a position at this time to assist all of you in this meager way, yet my heart throbs in love for every mother's boy. Some of you will be fortunate enough to enter this contest, others will be permitted. To those who are not, I wish to impress with the fact that my interests are just as intense, and I will in some way be just as eager to help and encourage as the more fortunate who will be enrolled in this event.

My plan is this, I wish to invest \$100.00 to be credited to the accounts of twenty farmer boys in Breckinridge county. This will entitle each boy to \$5.00. This amount will be placed to your credit in the Bank of Hardinsburg and Trust Co., and will be a small beginning for you, I wish for you not to value this donation, for its intrinsic value but place upon it my motive, which is purely to help you begin, and encourage you in your business career. The age limit in this contest is for boys 12 years old, and under. You must be boys of farmers living on a farm. It will be for your discretion as to whether you invest this amount or not. The money will be placed to your credit on December, 1st, 1919. On January 1st, 1921, I will pay a premium of \$25.00 in gold to the boy who has made the best monthly average of increase to his account, and makes the best total of his credit on date named, Jan. 1st, 1921. This contest is for beginners. Boys who are now blessed with accounts in bank, are not eligible to compete for this prize. I will ask the bank to issue you monthly statements just as they do all patrons of the Institution, this is done, that I may take your measure. I want to see a study and uniform growth of your accounts, your efforts, are not to be confined to the revenue of my donation. Your funds may be increased in any way you may secure them, except by gifts from parents or interested friends, I want to encourage thrift, energy and business by self reliance and perseverance. The manner of selecting these twenty boys is as follows:

The county is composed of six Magisterial Districts, the first district is entitled to 4 contestants, the second, three; the third, three; the fourth, three; the fifth, three; the sixth four, making a total of twenty. The applicants are requested to send their names and address plainly written to the Bank of Hardinsburg and Trust Co. The time to begin is right now. The books will be closed on November 30th. There will be provided a Ballot Box representing each of the 6 districts. The names of the contestants will be placed in the box of their respective district. On December 1st, after a thorough shaking and mixing of the Ballots, the quotas are drawn from each box, and the accounts are open on the books of the bank in favor of the successful aspirants.

I trust each little man in our county will feel at liberty to enter into this contest. I love every one of you, no mark of courtesy from you, could mean more to me than your recognition of my efforts to encourage you, and aid you in securing for yourselves lives of usefulness upon a plain of highest possible attainment.

Fondly and sincerely,  
**VIC ROBERTSON.**

## Fordson Tractor

The Fordson is designed as a two-plow machine and will pull two 14 inch plows in the stiffest soil. It will maintain a drawbar pull of 1800 pounds at plowing speed. In low gear a drawbar pull of 2500 pounds is obtained.

The fuel consumption varies with conditions; two and one-half gallons of kerosene per acre being a fair average. The amount of ground plowed also depends on conditions; eight acres in ten hours would strike an average.

**BELT PULLEY**—For stationery work a pulley is fitted on the side of the tractor and operated from the engine clutch, twenty-two horsepower is available at the pulley which runs at 1000 revolutions per minute. The pulley is nine inches in diameter and uses a six-inch. This equipment is optional.

Regarding the rumor being circulated, that they are going to discontinue making Fordson Tractors, we want to assure you that this is untrue. Henry Ford & Son will manufacture approximately 150,000 Tractors this year, which is an increase of about 100,000 over last year. If there is any one man that the people have confidence in, regarding service, it is Mr. Henry Ford. Service made the Ford car what it is today, and the same man will see that the same service is given on Fordson Tractors.

Our answer to all rumors, etc., is simply this: "If we can't take a Fordson Tractor and do any work that any other ten-twenty tractor can do, in less time and do it better and more economically, we will expect the prospective purchaser to buy the other tractor."

## FARM AND STOCK

The mule market was active Monday at Hardinsburg. There were plenty of mules for sale but buyers were slow to take hold at prices. Good young mules were in demand. A. T. Beard bought 12 head at \$130, to \$200. Allen and Forrest Jennings sold a pair of yearlings for \$200. Alf Hawkins sold a pair of work mules for \$200.

Aged horses were in good demand at from \$4 to \$10. Fifteen head were sold.

Henry Carman, of Custer, sold his crop of new barley to G. H. Pile for \$35 round. He has about 4,000 pounds.

J. T. Brown sold his crop of new barley and dark to Beard Brothers, for \$20 and \$13 round. Says he lost money last year by holding his crop, so decided to sell this year for the first offer, if it was a fair price.

Mr. and Mrs. Dan Dowell, have sold their farm of 264 acres, near Guston, to Bennie Dowell, for \$4,000. They will move to Guston.

Harrington Brothers, Hites Run, bought of J. N. Akers, 12 head short-horn calves, 5 months old at \$55 per head delivered Nov. 1st. This is said to be the finest bunch of shorthorns in the county. Mr. Akers said he raised them on milk and grass.

Mr. C. B. Felix, Fordsville, was visiting his daughter, Mrs. R. B. Carden and attended the by-county fair at Irvington. Said it was one of the best fairs he ever attended.

Vivian Pierce, shipped his brother, Allen Pierce, Glen Dean, last week a fine young Hampshire boar.

Abe Bryan, Stephensport, is building a new stock barn 32x100 for Jess L. Moorman, near Glen Dean.

Allen Waggoner has the material on the ground for a new home on the pike near Hites Run. W. L. Frank has the frame up for his new home when completed. It will not be on the pike. It will be a handsome many years until this Highway will be dotted all along from Cloverport to Hardinsburg with beautiful homes and well kept lawns.

Mr. and Mrs. J. L. Waggoner have

begun work on their new home near Garfield. It will be a five room bungalow on a beautiful location right on Wiley's Highway, East of Garfield.

There was a big crowd of farmers in Hardinsburg, Monday, all prosperous and happy and contented. They were all sober too, thanks to prohibition. For over forty years we have been attending the first days of Circuit court at Hardinsburg, and it is the first time in our memory that we didn't detect not even the odor of whisky. What a great free people we are.

The protracted drouth is causing the farmers and people in towns a lot of extra work hauling water from ponds, creeks and rivers for their stock. A lady told us Saturday, that her husband was driving 113 head of cattle to the river twice a day for water.

Mr. and Mrs. W. G. Gardner, of Stephensport, have a new baby calf, 12 baby chicks and 15 baby turkeys to care for. Some job we imagine.

## SCHOOL NEWS AND VIEWS

(Continued From Page 1)

or more school boys and girls of this country, I am addressing the citizenship—the business and professional men and women, the producers and consumers and the home makers of only a few years hence. The responsibility of all the problems of our country will ultimately fall upon you. The spirit of helpfulness and patriotism which you displayed during the war has proved your fitness for your future responsibility. Your record in the production of needed materials during the war, your saving of food and money, and your investment in Government securities is a record of which every American citizen is justly proud.

It is the earnest desire of your Government that you should continue to practice and make permanent those same habits of industry and economy, that through your influence and example America may soon become a Nation of savers and cease to be a wasteful Nation; that this may be a Nation of people who always save some part of their earnings, who spend money with great care, and

who invest what they save in some safe place.

I am glad to see our school boys and girls have continued during the vacation months to save their money and are buying Thrift and War Savings Stamps, thus laying aside a portion of the money they earn for some future purpose, and while they are continuing to render some service to their government, they are at the same time providing for their own needs.

The habit of earning and saving is a most interesting and happy one. I am sure that this habit has become so fascinating to you that you will continue to earn and to save through all the months and years to come and keep investing what you save in Government securities.

It is my personal hope that the lessons of thrift that are being taught in your school may help you to develop in your life permanent habits of saving and thereby lay a foundation for your personal happiness and usefulness and ultimately for a bigger and better America. Sincerely yours,

Carter Glass.

Each teacher should organize a Thrift Society in his school, and stimulate competition between the different grades in the number of Thrift Stamps purchased each month. The plan of organization is very simple. Say to your school: "How many pupils will try to buy at least one Thrift Stamp this month or each month of the school? All who will hold up your hands. Elect a president and a Secretary from among those holding up their hands, and name the society then you are ready to begin the contest. Ask for card 802, fill out same and forward it to the Treasury Department in order that your society may be registered. Thrift stamps cost 25 cents each and pay 4-14 per cent.

Miss Ora Wilson at Tarfork has enrolled nine more pupils that are listed in the census. The attendance for the first month was 127 per cent of the census, with an average daily attendance of 41 pupils.

We now have fourteen schools without teachers, but will no doubt be able to supply four or five of these schools within the next few days.

The County Board of Education at its last meeting made a ruling that hereafter it would not contract with teachers who quit one school to take another merely because the other school may pay more money per month. If the change is desirable for good reasons the County Board will be willing to hear the reasons, and if it deems the change desirable will contract with the teacher for the other school, but we have had too much disregard for contracts on the part of teachers. If a contract with the County Board is binding upon the Board it should be likewise binding upon the teacher. Do not leave a school without consulting with the Board and then expect the Board to enter into a contract with you for another school when you have just broken a contract with it.

Most of the new books can now be obtained and the teacher should use every effort to have the new books in the school as soon as it is possible to do so. Much confusion has resulted from the text book situation, but the lost time can be largely regained if parents will promptly purchase books when they are available.

# TURKEY TALK

In order to have a fat turkey for Thanksgiving you must fatten it with chicken feed steadily.

In order to have a fat bank account, one that means Thanksgiving the year-round, you must feed it also with "chicken feed" steadily.

"Chicken feed"---quarters, dimes, nickels and even pennies---will fatten your bank account amazingly fast. It's remarkable how the little coins pile up into good-sized deposits. Make your "chicken feed" "talk turkey."

## Do Kentuckians want a hand picked, hand controlled Governor?

It is common knowledge that the Republican Party in Kentucky is a "one man" party---solely in the control of A. T. Hert. It was shown at Lexington where the rank and file of the party were disfranchised of their primary rights and forced to accept a slate already prepared for them.

Witness the high handed methods of Searcy, Hert's man "Friday", in his treatment of George W. Jolly of Owensboro who was clearly within his rights in seeking preference at the primary. Witness also the disgraceful primary election in the negro ward in Louisville where the Republicans did not dare let the negroes vote as they wished.

Put Morrow in the Governor's chair at Frankfort and Kentucky will be governed from Louisville. It will be dominated by this one man whose interest is selfish and whose purpose is clearly to use Kentucky merely as a stepping stone to influence and authority in National politics. Hert will push the button! Searcy will pull the string! And Morrow will do the jumping!

The World Has Just Witnessed the Overthrow of "One-Man" Rule

#### RESOLUTIONS.

Whereas our Heavenly Father saw fit to remove from our midst, Mrs. Adele Hambleton, the vice president of our society we here within sorrow express the loss we have sustained.

"Our little band is marching by  
 Ah! we must live and we must die.  
 God grant that their mantle may on us fall

As they answer 'Here,' to the last roll call."

Mrs. Hambleton united with the church in early life and proved an efficient member. She was one that emphasized rare christian qualities in the home and church, was a life long reader of her church paper and held fast to the fundamental statements of the bible as the only infallible rules of faith and practice. She was deeply interested in ever branch of the church. Therefore be it resolved:

Resolved: That we extend our sympathy to the bereaved family and at last with one accord we bow submissively to the will of our Heavenly Father, whose rulings are not to be questioned.

Resolved: That a copy of these resolutions be read at our society, a copy be sent to the family and one to The Breckenridge News for publication.

"Earth to earth and dust to dust  
 Calmly now the words we say,  
 Left behind we wait in trust  
 'Till the resurrection morn,  
 Father in thy gracious keeping  
 Leave we now thy servant sleeping."

Missionary Society of the Presbyterian church.

Benjamin Franklin said: "It is easier to suppress the first desire than to satisfy all that follow it." Put that unnecessary experience into W. S.

## SAYS EFFORTS LIKE THOSE OF DROWNING MAN

Took Medicines As Victim  
Grabs At Straw, Cromwell  
Says—Trutona Brings  
Needed Aid.

Paducah, Ky., Oct. 7, 1919.—"Just as a drowning man grabs at a straw, so have I been trying every new medicine I heard of in an effort to get relief from long standing troubles; and the search has not been in vain, for I have found simply marvelous relief in Trutona," J. S. Cromwell, a prominent Paducah business man of 312 Jackson street, said recently.

"I've had liver trouble for a long time," he continued, "and last March I had an infection which left me in a terrible condition. I had a bad cough. Constipation bothered me almost continually and I usually felt tired and worn out. If I leaned over for any length of time I would become dizzy when I'd raise up. I simply feel like a man made over again, since taking Trutona. My bowels act with clock-like regularity now, the dizzy spells have ceased to occur and the former terrible cough is 100 per cent improved. And Trutona has restored my old time 'pep', too. I can't say too much in favor of Trutona and I feel it my duty to tell the public as it may be the means of some other sufferer gaining relief. Trutona has helped me where other medicines failed and I'm glad to recommend it."

Trutona is now being explained and introduced in Cloverport, at Wedding's Drug Store; in Hardinsburg, at F. S. Kincheloe's Drug Store; in Irvington at Park's Pharmacy.

## What's the use, Folks— What's the Use!

**WHY** take honest-to-John Tobacco that nature grew for us all—and then “spill the beans” by messing it up with lolly pops?

Velvet isn't fooled with that way.

Velvet has just naturally relied on Nature since it was knee-high to a grasshopper.

First off, it was bred in old Kentucky, wonderland of Tobacco.

Next come, it was cured in the open air, right out with the good ole sunshine. Yes sir.

**THEN** it was gentled along by its lonesome for two years, while it just kind of thought things over and decided to have no bad qualities.

After these two years in wooden hogsheads it was packed in the jolly red tin you see everywhere, if you're not color blind—and we hope you're not.

As Velvet Joe says:

*“The way Nature does things is best for man and his tobacco. You can't fool Nature—an' she won't fool you.”*

**FIFTEEN** cents seems a pickayune price, doesn't it, after all that?

Can you think, right off, of anything more or better for a dime and a nickel? And for cigarette smokers—there are 45 mellow cigarettes in every Velvet tin.

Velvet sure will be right glad to meet you this very day.

Votes To Guarantee The Payment Of Subscriptions For Highway.

At a call term of the Breckinridge Fiscal court, called and held in and for Breckinridge county at the court house in Hardinsburg on Wednesday, August 27, 1919 for the purpose of taking the necessary action relative to the finance of the Federal highway through the county and other business that may regularly come before the said court. Present Hon. S. B. Payne, P. J. B. C. and the following named Justices of the Peace, Esq. McCoy, Keenan, Bennett, Heron and Howard.

### In Re Federal Highway:

The Bank of Hardinsburg & Trust Co., Hardinsburg, Ky., There is subscribed \$58,815.00 which is to be paid through the Bank of Hardinsburg & Trust Co., of that amount there is now on deposit in cash \$4,155.00, in notes, \$50,005.00.

75 per cent. or \$37,505.00 of which is regarded by the bank as being gilt edged bankable and in the opinion of the bank in excess of 90 per cent. will be collected. There have been subscribed \$4,555.00 which as yet has not been converted into negotiable notes, payable to said bank, most of which is regarded as collectible.

There has been subscribed through the First State Bank, Irvington, Ky., the sum of \$35,255.00 and in the opinion of the officers of said bank there will be 90 per cent. of \$31,460, which is absolutely good and valuable. The asphalt used is the greatest waterproofing material ever known.

The surface is genuine crushed slate in the natural red or green color. Of course slate won't burn, that helps to make Lastile more fire-resisting. The color of the slate never fades and the surface never requires paint. There's both beauty and economy.

to make such appointment of Mr. Jno. Bloomer, as county road engineer, of Breckinridge county at a salary of \$1,800.00 per annum, be and it is hereby approved, confirmed and ratified.

In Re Hornback Mill Bridge Across Rough Creek.  
This court having heretofore on the

day of — 19 — entered and orders directing certain steps to be taken looking to the building or construction of a bridge over Rough Creek near Hornback Mill on the line between Grayson and Breckinridge county. Now on motion duly made, seconded and carried, it is ordered, determined and adjudged by this court, the Fiscal court, of Grayson county having on August 15th, 1919 entered an order agreeing and concurring that said bridge is not necessary or justified considering the high cost of labor and material, the

bad condition of the roads and lack of funds available, for said purpose in both counties and the further and greater reason that the cost of said proposed bridge is out of all proportion to the service it would render to the public generally or community, in which it is to be located therefore, all orders heretofore entered, pertaining to the construction of said bridge are now set aside, rescinded, abrogated and held for naught, and it is ordered that the clerk of this court certify to a copy of this order to the clerk of Grayson county Fiscal court.

## In Re Hardinsburg and Leitchfield Inter County Seat Road.

This day came Joe Glasscock and others, and petitioned the Fiscal court to designate the Hardinsburg and Leitchfield road as an inter county seat road, asking that steps be immediately taken looking to the survey and construction of same, the court being sufficiently advised. On motion duly made, seconded and carried, it is ordered that it is the sense and judgment of the court that the public interests demand the construction and improvement of the said Hardinsburg and Leitchfield Road, from Peter Cave Bridge, across Rough Creek between Grayson and Breckinridge counties, thence by the way of Fisher to McDaniels, thence to Hardinsburg, from McDaniels, over the most direct and practical route and it is further ordered that the survey and construction of said road begin at the village of McDaniels and extend toward Hardinsburg, until further orders and the commissioner of Public Roads is hereby requested to cause a location and survey of said road so designated and prepare plans profiles estimates and specifications of the work, to be done as provided by law and the clerk of the Breckinridge county court and attested copy of this order.

On motion duly made seconded and carried it is ordered that the following Justices be and they are allowed their per diem.

Esq. Keenan	1 day	\$4.00
Esq. McCoy	1 day	4.00
Esq. Heron	1 day	4.00
